

ABF GNOT TRAVEL SUBSIDIES IN 2019

For 2019, the ABF has listened to feedback from players and the arrangements for travel subsidies used in 2018 are unchanged. The ABF will keep the benefits from providing four return best available economy air tickets for the 44 teams travelling more than 700km to the Gold Coast. These benefits include the guarantee of a return ticket whenever the team qualifies; the ABF meeting its duty of care to get players to the event in the safest, most efficient way possible; and coverage under the ABF's Corporate Travel Insurance Policy.

Most importantly, however, the ABF is:

- continuing to provide flexible direct booking arrangements through Canberra-based staff ;
- bookings will be made in consultation with team captains who will consult with their team members thus giving players more control over the timing of their travel;
- after consultation, tickets will be issued promptly. Subsequent changes will be permitted; however, the traveller will bear the cost of alterations, not the ABF.
- team members who wish to make their own arrangements (including driving) will be permitted to do so, subject to certain limitations;
- the 16 teams not normally travelling by air will continue to receive a cash subsidy for ground transport of their choice.

How the process will work?

Once a regional or metropolitan final has been held and the names of the players in any team (s) are known, it is the responsibility of the GNOT Regional/Metropolitan Coordinator for that zone to send an email with the Captain/player names, ABF numbers, mobile contacts and emails for all team members to the following persons:

Ray Ellaway, Tournament Organiser, GNOT National Final
Tel: (07) 3351 8602 (w), 0466 288 365 (m)
Email: ray.ellaway@abf.com.au

AND

Roy Nixon, ABF Treasurer
Tel: 0423 043 220
Email: roy.nixon@live.com.au

The ABF Treasurer will promptly consult with Team Captains to discuss team member travel preferences. ABF subsidy/travel support will be provided to a maximum of **four** team members and in the case of teams with more than four members, it will be the

responsibility of the team to co-ordinate the distribution of subsidies within the team. The ABF preferred offer is to book four return economy airfares per team at best available fare on the day of booking. Ground transport costs to and from metropolitan/regional airport of choice are at the players own cost not the ABF.

For those team members opting out of the above ABF preferred return flight offer to make their own travel arrangements (including booking their own flights, ground transport or driving), the following conditions will apply:

- Players will receive the cash equivalent to the best available return economy airfare of the day as at September 1 2019 less 10%.
- Players fully accept that responsibility:
 - for any costs which might arise due to cancellations or changes is theirs and not the ABF; and
 - for taking out adequate travel insurance is theirs and the ABF corporate travel insurance will not cover them in any circumstance.
- Once players have indicated they are opting out, they cannot change their minds later for the ABF purchased air ticket.

Team captains should notify the ABF Treasurer of their team's required travel arrangements no later than 10 days after the Treasurer first established contact with the Captain. Failure to do so assumes team members are opting out and are subject to the above opt-out terms and conditions.

[Payment of cash subsidies](#)

All cash subsidies (including those who opt-out of the ABF air ticket purchase) will be paid to player bank accounts by direct bank deposit on Friday 29 November.
