# SUMMER FESTIVAL OF BRIDGE 2017 MOBILE APP

This is the APP HOME screen:

#### WHAT THE APP IS USED FOR

The App has been specifically developed for competitors in the Canberra Summer Festival of Bridge 2017. Mobile apps like this allow you to make the most of your time at the Summer Festival. Available to you on your smartphone or tablet when you are not able to access your laptop/PC, the App makes it easy for you to find social activities, locate places to see, places to go, places to eat. Looking up your scores becomes mostly one or two clicks/taps, reading the Daily Bulletin online before you get to the venue (saving all that paper), entering an event online, knowing who to call if there has been a scoring error and you are in the bar and much more! It is GPS assisted and has useful maps with many locations to create memorable experiences for you.

# FREE TO DOWNLOAD – HERE'S HOW

The current version of the Summer Festival of Bridge 2017 Mobile App is 3.1 and was modified on November 8 2016. The App is free to download for iPhone, iPad and Android devices:

IPhone/IPad:

### Step one

From your handset, find the 'App Store' icon and tap it to access the store. The App Store will display the matching app. Simply tap the 'free button' which is displayed on the right-hand side of the app description screen to download it. You'll be prompted to enter your <u>iTunes</u> password (if you don't already have an <u>iTunes</u> account, you'll need to create one via your PC – there's more on this below). Click OK and you'll automatically leave the app store.

## Step three

A new icon depicting the app you're downloading will be displayed on your smart device's desktop, along with a progress bar. Once the download is complete, the app is available to use.
